About the College:

The college was established by the Government of Odisha in 1955 and was named as Basic Training College. It was named Basic Training College because the students were trained in true spirit of basic education propounded by Mahatma Gandhi. This college is the second teacher training institution in Odisha and first teacher training institution in Odisha in post-independence period. In conformity with the recommendations of the National Policy on Education, 1986, the college has been upgraded to the status of College of Teacher Education in 1988. The college has been named after a great freedom fighter, an outstanding social worker and former Chief minister of Odisha, Late Nabakrushna Choudhary on 21.07.1997. Since then, this college is known as Nabakrushna Choudhary College of Teacher Education, Angul. The college is affiliated to Utkal University, Bhubaneswar, Odisha. Now the college is running with B.Ed. intake capacity of 150.

About the Seminar:

The seminar serves as a dynamic platform for fostering intellectual discourse, promoting knowledge exchange, and facilitating collaboration among a diverse community of researchers, academicians and professionals, centered around the theme of "Innovative Pedagogy and Quality Concerns in Teacher Education." It aims to provide a comprehensive understanding of the prospects in teacher education. The seminar encompasses a multifaceted exploration of key areas critical to the evolution of educational practices under the Sustainable Development Goal. The seminar delves into sustainable pedagogies inspired by ancient practices and the preservation of pedagogical heritage through Indian classical languages. In the context of Innovative Pedagogy and Quality Concerns in Teacher Education, the focus extends to fostering global perspectives in local educational initiatives and adapting to contemporary education trends. Inclusive education is addressed through themes promoting diversity, collaborative community participation, and equity analysis within the framework of NEP, 2020. The intersection of innovation and technology in education unfolds through discussions on technological evolution, ICT integration for inclusivity, transformative approaches in higher education. The seminar remains open to other relevant topics, inviting diverse discussions on emerging educational issues and innovations shaping the future of education.

➔ The Key Objectives of the Seminar:

- To provide a platform to share information, ideas, and experiences on teacher education & future perspective.
- To explore innovative pedagogical practices in Teacher Education.
- To strengthen the professionalism among the stakeholders.
- To adopt best practices aligned with the evolving policy framework in the realm of education.
- To ensure quality in Teacher Education through innovation.

➔ Themes & Sub-themes of the Seminar :

Pre-Service Teacher Education Programme

- Innovative pedagogical approaches and paradigm shift in Teacher Education.
- Global concerns in pedagogical landscapes.
- Teacher as a reflective practitioner.
- 21st Century Teacher preparation.
- Quality School Internship Programme.
- Research on quality enhancement of Teacher Education.

Continuous Professional Development and Teacher Education

- Teachers' standards and Professional Development.
- Preparing lifelong learners through Teacher Education
- Professional learning communities and Teacher Education
- Leadership, curriculum development and resources for innovative pedagogy.
- Pedagogical intervention as a tool for quality education.
- Innovative pedagogical practices for sustainable development.

Integration of ICT in Teacher Education

- ICT and Innovation in Teacher Education
- Pedagogical and theoretical underpinning of Educational Technology.
- Blending the technology for Quality Teacher Education.
- Use of Open Educational Resources (OER).
- Strengthening Teacher Education through Artificial Intelligence.

Embracing Inclusivity in Teacher Education

- Inclusive Pedagogy in Teacher Education.
- Pedagogical approaches addressing learner diversity.
- Trends and challenges for Inclusion.
